Coming in tomorrow's BRANDON VALLEY Journal

The Brandon City Council appointed the town's new mayor for the next year at Monday night's meeting. This week's *Brandon Valley Journal* gives you a report on who they selected.

Dirt is turning at a new housing development, Homestead @ Valley View, in Valley Springs. Developer Ron Kuipers provides an update on the first tier of homes going up.

Two local theatre programs—Brandon Valley High School and the Mighty Corson Art Players—are putting the finishing touches on their spring shows, "The Sound of Music" and "Charlie Cox Runs with Scissors," respectively. The *Journal* takes you behind the curtain of both plays.

Ward 2 voters in Brandon will be going to the polls April 13, and last week, the *Journal* and the Brandon Valley Area Chamber of Commerce hosted a forum to put the spotlight on the candidates, Megan Bassett and Dave Kull.

We also captured some young smiles at the Easter egg hunts in Brandon and Valley Springs, and bring you the story on how one golden egg turned into 23 golden eggs, all with a \$20 prize.

This week's *Journal* also gives you the inside scoop on Brandon Valley High's spring sports programs—baseball, track and field, boys' tennis and girls' golf. We've also got reports from the Lynx baseball team's home opener against Madison and the tennis team's outing at Yankton.

Also, don't forget to check out our Viewpoints page, which offers you a variety of columns and the like.

If you're a subscriber, thanks for reading! If you're not, what are you waiting for? To subscribe, call us today at 582-9999 so you can be in the know of everything that's "Coming in Tomorrow's *Brandon Valley Journal*!"

SOUTH DAKOTA

WATER SMARTER WITH RAIN BARRELS

WHY USE A RAIN BARREL?

- Help to control local flooding
- Recharge local groundwater resources
- Protect rivers and streams from erosion
- Keep pollutants from paved areas from entering waterways
- Help to reduce the need for sewer upgrades in combined sewer overflow communities
- Capture a valuable resource that would otherwise be lost to storm drains
- Divert stormwater back to the landscape
- Conserve tap water and energy use
- Lower your water and utility bills

RAIN BARREL REBATE

WEATHER-BASED IRRIGATION CONTROLLER:

A rebate up to \$100* toward the price of purchase and installation of a controller system that adjusts the irrigation system's station run times based on lawn watering needs rather than on a preset, fixed schedule.

RAIN SENSOR:

A rebate up to \$50* toward the purchase and installation of a rain sensor that can interrupt the irrigation system during a rain event.

PROGRAMMABLE IRRIGATION TIMER:

A rebate up to \$75* toward the purchase and installation of any irrigation timer that works with an underground irrigation system to comply with all City lawn watering schedules.

RAIN BARREL:

A rebate up to \$50* toward the purchase and installation of an enclosed device or system used for capturing precipitation from a building rooftop. Qualifying rain barrels must have a minimum capacity of 40 gallons and be designed for the intended purpose of rain capture.

*Must be Brandon City Utility Customer. For rebate information, visit <https://cityofbrandon.org/conservation>.

DID YOU KNOW?

It's important to keep our ditches free of litter as rainwater carries trash and other pollutants to the river.

APRIL
24

ADOPT-A-HIGHWAY
LITTER CLEANUP

SATURDAY, APRIL 24 • 9AM - 12PM
HOLLY BOULEVARD

Come join the Water Conservation Committee clean up the litter along Holly Blvd between Sioux Blvd and 6 Mile Road.

Meet at the Sioux Valley Energy parking lot for safety vests and trash bags. Gloves will also be provided but bringing your own is preferred.

Please fill out a waiver at the following link:
