**Ask the Motor Medics®**  
*Automotive Advice from The Under the Hood® Show*

Dear Motor Medics,

I'm having trouble with my 2004 Ford F150 missing again. The vehicle shakes when I am at a stop sign and sometimes when I accelerate going up a hill. The check engine light comes on and sometimes flashes as well. I have had two ignition coils replaced over the past year and they're expensive! Could it be another one? I'd like your advice and thoughts on this truck. I really appreciate all your help guys.

Mark in Branson Missouri

Dear Mark,

The Ford F150 and most modern vehicles use what's called coil-on-plug ignition which in simple terms means that the ignition coil is placed directly above the spark plugs and connected by a short rubber boot instead of using a plug wire. Using multiple coils allows the ignition system to work more efficiently when it is working correctly and eliminates spark plugs wires. When they fail they give the symptom you describe and cause poor mileage and rough running and possible power train and exhaust system damage. We often see all ignition coils fail within a short period of time to each other due to age and miles so be prepared to replace the other six coils. Due to the labor cost of working on them we often recommend replacing all at the same time to save labor costs even though the coils are not cheap. In the long run it will save a lot of cash over repeat labor repair costs.

Take care, the Motor Medics

Dear Motor Medics,

I have been a long-time listener to your radio show "Under The Hood" and have heard you talk about aftermarket cold air intake kits and how they can help your engine performance. I have a camper and a boat that I tow and don't want to go changing a lot of major internal parts but want a little extra "go" when I step on it when I'm towing and also some better mileage. What are your thoughts?

Dan in Colorado

Dear Dan,

Cold Air Intake Kits are a great way to increase Horse Power and Torque and are an easy and fast way to do it. Don't look for incredible gains but they will make a small difference and every bit counts when towing as you know. The kits are a bolt-on and can be done by most people at home in around an hour or less in most cases and they look great too. Get on the internet and compare the kits for your vehicle and look at the real numbers of what to expect from a kit before you decide to purchase one so you know what you are getting and are happy with what you are purchasing. They also give a great sound and a performance feel. As for mileage, don't expect to see any increases there with any air filter or intake kit as they don't provide that. They are for torque and HP increases only.

Take care, the Motor Medics

# The L.Y.N.X. Podcast

— LOVE YOUR NEIGHBOR —

You are invited to join us for a real, genuine conversation with one of your neighbors. This podcast celebrates the people of Brandon, SD and their stories. Each week features a guest who shares why they chose to make Brandon their home and what the community means to them. Let us accompany you on your commute, while cooking dinner or winding down for the night. The L.Y.N.X. Podcast is hosted by John Semchenko and can be found on major streaming services.

## Coming in tomorrow's

# BRANDON VALLEY Journal

It's shaping up to be a summer of celebrities making appearances in Brandon. On Saturday, former Minnesota Vikings quarterback "Two Minute" Tommy Kramer and linebacker Ed McDaniels made a stop at The Upper Room to sign autographs and take pictures with fans. Annexation and a proposed development on Brandon's eastside brought residents to the Planning & Zoning Commission and City Council meetings. Learn more about why the neighborhood is opposed and what's planned for the proposed development. Valley Springs City Commission met last week, and we've got details on discharging fireworks in the city next month, on the next water-related project and more. Beaver Valley Lutheran Church has reached yet another milestone: their 150th anniversary. The *Journal* takes a look back and forward as the congregation celebrates this weekend. There's a unique car for sale in Brandon, and writer Tom A. Savage brings you the story behind the "For Sale" sign. The ribbon was cut on the new playground equipment and surfacing at Tallgrass Park, and *Journal* editor Jill Meier was there for the unveiling. Local youth took the Corson Playhouse stage for MCAP's annual summer kids camp. We have the story and photos behind their week-end production of "Dragon Trouble." And there's a whole lot more news, sports and features. So, if you find yourself asking, "I wonder what's going on ...?" It's time to subscribe to the *Brandon Valley Journal*! Give us a call at (605) 582-9999 to subscribe today so you, too, can be in the know.
