Coming in tomorrow's
BRANDON VALLEY
Journal

The Brandon Valley Lynx are your 2020 11AAA state football champions, and we've got the photos and stories to document the milestone!

The football team isn't the only team in town that's at the top of their game. The Lady Lynx volleyball team conquered their SoDak 16 opponent, the Pierre Governors, and now they're headed to the AA state tournament as well. The *Journal* brings you a recap of their victorious effort and what to expect heading into the Nov. 19-21 tournament.

A live weather camera now has Brandon's vast landscape showing up on KELO TV weather reports. That's thanks to a grant recently awarded by the Brandon Community Foundation. Learn more about the live weather camera and why the BCF deemed it worthy of grant dollars.

BV Middle School is taking their talents to the stage of the BV Performing Arts Center with their play, *The Internet is Distract - Oh Look a Kitten!* The *Journal* takes a peek behind the scenes.

A dozen Brandon Valley High School senior student-athletes inked their futures with collegiate programs on National Signing Day last week. Find out who's going where and what each of the signees will bring to their respective collegiate teams.

We'll bring you reports from Monday night's city council meeting in Brandon, enlighten you on the findings of a city utility survey and introduce you to a Brandon woman's new business endeavor, BlesScents.

All this and a whole lot more can be found on the pages of this week's *Brandon Valley Journal!*

If you're a subscriber, thanks for reading! If you're not, what are you waiting for? To subscribe, call us today at 582-9999 so you can be in the know of everything that's "Coming in Tomorrow's *Brandon Valley Journal!*"

CERTIFIED FOOT CARE

What is a Foot Care nurse?

A foot care nurse is a Registered Nurse with specialized training in the care of routine foot care. With our advanced training we can provide safe, effective care for skin and nail conditions as well as diabetic foot care.

What conditions can we help you with?

Trim and reduce thickened or fungal burdened toenails, calluses and corns. We can also help with ingrown toenails that are without active infection. We help clients with special medical conditions such as diabetes, poor vision and limited mobility.

What does a typical appointment consist of?

We will start out with a full foot assessment to determine what type of care is needed. We will then complete safe and thorough nail grooming as well as address any other care that has been decided upon. We will end with a foot/lower leg massage.
